EMPLOYMENT

Senior Interactive Designer

2e Creative, St. Louis, MO | 2008 - 2010

Team leader for video- and web-based projects. Lead Final Cut editor, lead output coordinator for video projects. Produced/directed commercials and websites for clients including Alcon, Texas Instruments, Sigma-Aldrich, Elsevier, and JH Audio.

Multimedia Developer

Lifetime Media, St. Louis, MO | 2006 - 2008

Lead website designer/developer. Responsible for determining clients' needs and developing applicable solutions. Produced both commercial and corporate projects along with audio-based projects and DVD print/duplication jobs.

Senior Producer, Interactive

Infuz technologies, St. Louis, MO | 2004 - 2006

Converted site designs into efficient, cross-browser friendly HTML templates and Flash components. Produced interactive banners, websites and viral videos for clients including Purina, SuperValu, and for the Infuz brand.

Audio /Video Production Instructor

Broadcast Center, St. Louis, MO | 1993 - 2004

Created a curriculum that prepares students for a career in video production including nonlinear editing, shooting, lighting, color correction, audio production, pre- and post production. Prepared students for the broadcasting industry using state-of-the-art software and industry-standard equipment.
